

7<sup>th</sup> September 2020

Dear Members,

Hope you and your families are doing well in these difficult times of COVID-19. This has affected one and all in many ways, but the most affected has been the medical fraternity. We have lost many dedicated Doctors who have been COVID-19 warriors and we would like to pay our tribute to them. It is important that we stand with each other and support one and all in these trying times.

This situation has been prevalent over the past six months and continues to be a big hurdle even today. In the context of RSSDI, due to this situation, our Office Bearers of the Central Body as well as the State Bodies have not been able to perform their duties to the full potential. Their movements have been restricted and they have been unable to carry out new initiatives and achieve goals they had set for themselves during their tenure. They have essentially lost 6 months of their time in their roles as office bearers and it is unlikely the situation will improve in the coming months.

In order to give them a fair chance to perform their duties to the best of their capabilities and complete projects they had planned on doing, the Executive Committee has proposed to call for an Extraordinary General Body meeting (EGM) and propose for an extension of the tenure of the President, RSSDI and all State Chapter Committees which have their elections this year, by one year.

EGM of the RSSDI has been fixed for the 8<sup>th</sup> of October 2020 from 6.30pm-8.30pm to request approval of recommendations of the Executive Committee. We request all of you to please login for the EGM and vote for this matter. Details of the login and voting process will be put up on the website [www.rssdi.in](http://www.rssdi.in) and also emailed to you soon

Hope to have all of you participate in the EGM

Dr Sanjay Agarwal,  
Hon Secretary, RSSDI
